CAREER OBJECTIVE

Final-year Computer Science and Engineering student with hands-on experience in full-stack development, applied Generative AI, and technical training. Built and shipped production-ready platforms, including a full-stack learning management system and an AI-driven healthcare chatbot. Looking to contribute as a Software Development Engineer, building scalable, intelligent products that solve real-world problems.

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript, C++
- **Frontend:** React.js, Next.js, Tailwind CSS, HTML, CSS
- **Backend:** Node.js, Express.js, FastAPI
- **Databases:** MySQL, MongoDB
- **Cloud & Tools:** AWS (Basic), Git, CI/CD, REST APIs, MS Excel
- **Core CS Concepts:** Data Structures and Algorithms, Database Management Systems, Computer Networks, Agentic AI

PROFESSIONAL EXPERIENCE

Spangle Education & Computer Institute Pvt. Ltd.

Jun 2021 – Dec 2022

Computer Instructor

Rupandehi, Nepal

- Delivered classroom and hands-on training to 100+ students in Basic to Advanced MS Office (Word, Excel, PowerPoint, Access, Outlook), improving digital productivity skills
- Taught Basic Web Development (HTML, CSS, JavaScript) and Programming Fundamentals (C/C++), covering website structure, algorithms, and logical problem-solving
- Conducted courses on Windows OS, Internet Fundamentals, Email Communication, and Digital Literacy to build essential computer skills
- Provided practical training on Computer Hardware Basics, including installation, troubleshooting, and system maintenance
- Designed lesson plans, practical assignments, and assessments, mentoring students to achieve strong learning outcomes

Prasunet Company

Mar 2025 – Apr 2025

AI Code Debugger Intern

Remote

- Built an AI-powered code debugging tool using the MERN stack, reducing debugging time by approximately 30% during testing
- Deployed scalable cloud-based infrastructure, improving system reliability and supporting 100+ concurrent users

Edunet Foundation

Jan 2025 – Feb 2025

AI Intern – TechSaksham (Transformative Learning)

Remote

- Developed an AI chatbot for health diagnosis, achieving 50% response accuracy on predefined test cases
- Implemented voice recognition and chat logging features, projected to increase system efficiency and user engagement by 40%

PROJECTS

Smart Coach LMS – Full-Stack Coaching Center Management Platform

HTML, CSS, JavaScript, Node.js,

MongoDB, Next.js, NextAuth

- Built a production-ready Learning Management System with secure role-based access for students, instructors, and admins
- Developed a course management platform with YouTube Live integration, batch-wise curriculum, automated recordings, and Razorpay payment integration, supporting 100+ concurrent users
- Implemented a 6-month access validity engine with automated expiry, re-enrollment workflows, and secure server-side loyalty discount logic

- Created a responsive analytics dashboard with live session tracking and student performance insights, reducing manual management effort by approximately 60%

CareMate-AI – AI-Powered Healthcare Chatbot

Python, Streamlit, Gemini API

- Developed a chatbot using Google’s Gemini API to deliver real-time responses to user health queries
- Reduced API calls by 30% by caching predefined responses for frequently asked queries, improving response time
- Designed an interactive chat interface with dynamic message rendering and state management using Streamlit

JLiveChats – Real-Time Chat Application

Java, AWS, Swing, Sockets

- Designed a client-server architecture for a Java-based real-time chat application
- Supported multiple concurrent users with real-time latency under 1 second
- Built a responsive user interface using the Abstract Window Toolkit and Swing

EDUCATION

CMR Institute of Technology

2023 – 2027 (Pursuing)

Bachelor of Engineering – Computer Science and Engineering, CGPA: 6.8/10

Bengaluru, India

Shree Susanskrit Secondary School

2021

12th Grade – Science (Technical and Vocational), 78%

Rupandehi, Nepal

Shree Susanskrit Secondary School

2019

10th Standard (Technical and Vocational), 80%

Rupandehi, Nepal

CERTIFICATIONS & HACKATHONS

- **Certifications:**
 - React E-Commerce Platform Masterclass – Scaler (2026)
 - JavaScript Full-Stack Development – Udemy (2025)
 - Full-Stack Web Development Mastery – Udemy (2024)
 - Programming with Java – NPTEL (2024)
- **Hackathons:**
 - Internal Smart India Hackathon, CMRIT (2025)
 - HackAthena25, Jyothi Engineering College (2025)
 - Flipkart GRID 6.0 – Unstop (2024) Synthesis 2.0 – Unstop (2024)

CO-CURRICULAR ACTIVITIES

- Participated in an organic farm visit and lake water conservation initiatives as part of NSS, supporting sustainable farming practices and environmental preservation efforts

PERSONAL DETAILS

- **Nationality:** Nepalese
- **Languages Known:** English, Hindi, Nepali
- **Hobbies:** Playing Chess
